A golf course is an expansive, public area. Consequently, the parent must be conscious of the continuous need for adequate supervision of juveniles.

Juvenile competitions will be arranged on a regular basis during the school holidays. Players will be informed of these. When you child is attending he/she should arrive at the club not earlier that half an hour before tee time. The young golfer will play with other young golfers. It is not possible for the club to provide continuous supervision to juveniles while they are out the course.

Other than the above, there will not be any official or employee of the club, on the premises, that will have a designated function of supervising juveniles. On days that juvenile competitions are not arranged it is the responsibility of the parent/guardian to ensure that supervision is arranged, in accordance with club policies.

Juveniles under the age of 16 years are not allowed on the course, or on the practice ground, without supervision.

A time sheet is in operation for all golfers, at all times. All golf must commence at the first tee only and subject to the time sheet.

Please ensure that the club is kept up to date with your phone and email details.

Please ensure that you encourage all young players to abide by the rules at all times.
Please ensure that the club is fully informed of any special requirements that your child may have.

If you have any issue concerning the club or a member of the club,
please contact Seamus Keena the club juvenile liaison officer.
Or the club office.
